Presentation Topics

How mobile learning:

- Provides anytime, anywhere learning
- Reaches new populations (standalone or blended instruction)
- Extends & improves learning
- Instructs on simple and smart phones
- Teaches digital literacy skills
- Allows for formative assessment & interactive learning
- Develops self-directed learners
Huge Need for Mobile Learning

36 million need literacy help in the U.S.

32 million will NOT get help

92% in US have cell phone

24% are basic phones

Many smart phones don’t access data plans
