

EdTech Maker Space

Learning by Doing.

LEARN

- to design for reusability
- to foster the nine skills that matter for adult learners
- to create Open Education Resources (OER)
- to choose edtech tools

MAKE

- reusable, digital, open activities that integrate the nine "Skills That Matter"
- an EdTech Tool Reusability Index to guide others in selecting EdTech Tools for activity design

Meetings

March 17, 2023

March 31, 2023

April 28, 2023

1-3 PM Eastern

Participation in an EdTech Maker Space is free, open to all, and voluntary. By participating you will contribute meaningful resources to other educators, collaborate with teachers across the nation, and learn a lot along the way!
